Ravelings

Published by the Senior Class of 1952
Chester Township High School
North Manchester, Indiana

Dedicated to the boys in Service

That from these honored dead we take increased devotion to that cause for which they gave their last full measure of devotion. That we here highly resolve that these dead shall not have died in vain. That this nation under God shall have a new birth of freedom and that government of the people, by the people, and for the people shall not perish from the earth.

— ABRAHAM LINCOLN

To the memory of the Chester boys who have given their last full measure of devotion, the Class of 1952 respectfully dedicates this edition of Ravelings.

Chester High School Salutes Old Glory

Under freedom we work and play together. The school in which we study is protected and supported through this freedom. Old Glory never fails.

Foreword

The sons and daughters of Chester High School have responded to the Call of the Colors more than three hundred strong. Working for a common cause, to establish justice and maintain freedom, they have served wherever their country needed them most. Profiting by our past mistakes, we look ahead to a brighter and more peaceful future.

Senior Class History

On August 27, 1948, thirty-seven scholars trudged into Chester High School. Knowing not what lay ahead, they elected these leaders: Marilyn Leffel, president; Melvin Speicher, vice-president; Ted Spann, secretary; Lee Ray Aughinbaugh, treasurer. Under these officers the class enjoyed two parties.

A year later thirty-five wiser pupils looked forward to the school year. The following officers were elected: Dick Brown, president; Russell Coppes, vice-president; Melvin Speicher, secretary; Derwood Coe, treasurer. They enjoyed two more parties, one being a weiner roast followed by a movie in Warsaw.

Entering school in 1950 with thirty-three members, the class of '52 entered into more responsible activities. They elected these officers: Tom Airgood, president; Melvin Speicher, vice-president; Nancy

Knapp, secretary; Mary Ann Gogle, treasurer. Engaging in such projects as selling concessions at ball games producing the class play, "Oh, Brother", and sponsoring a fish fry, the class profited both in money and through experience.

On August 30, 1951, thirty-one tired but determined scholars trudged into Chester High School. They soon elected John Warren, president; Derwood Coe, vice-president; Patsy Hack, secretary, and Elliott Chamberlain, treasurer. Through hard work and will power, all sorts of records were broken. A new magazine sales record was set. A new record was set when the senior play, "The Baby Sitter", was presented to an overflowing auditorium. Through the excellent advising of Mr. Smith and Miss Eshelman the Ravelings was produced. Baccalaureate and Commencement gave our senior year a fitting finale.

Basketball---The Major Sport at Chester

Our varsity team had a very successful season this year. Under the guidance of Coach Gerold "Doe" Faudree, the boys won the first basketball trophy Chester has received since 1948. These County Champs came very close to the sectional title also. The record shows their work.

Track

Sparked by the performances of Speicher, Coe, Meyer, Brown, Leckrone and Houser, the 1951 Track Squad compiled an enviable record which included Speicher's new record of 15.9 seconds in the high hurdles at the Converse Relays and his new record of 15.8 seconds at the Huntington Sectional. With a late rush in the relays, Wabash was able to edge Chester for the County Championship. Chester placed fifth in a field of approximately thirty teams in the Converse Relays.

Every member of the Class of 1952 contributed his or her part to this publication of Ravelings from the time of the first picture and the first line of copy to the time that **finis** was written on the efforts. Sometimes it was the taking of a picture or perhaps the selling of an ad or perhaps helping in the never-ending line of persons waiting to have pictures taken. Senior Play *"The Baby Sitter"*

Every trouble that ever happened to a baby sitter happened to Carrie (Mary Ann Gugle), in the senior class play, "The Baby Sitter", which was presented to a record-breaking audience on Friday night, October 19, 1951. The problems of a boy in love, Bob Ballard (Melvin Speicher), and his girl friend, Carrie, and their battles with the holy terrors, Junior Gordon and Lefty (Bill Keaffaber and Ted Spann), kept the audience in an uproar. Papas and mammas, brothers and sisters, boy friends and girl friends, and the neighbors' kids all added to the happy confusion which was climaxed at the end by Junior getting what all mean little kids deserve — a smack on the seat of the pants.

Junior Play *"Mother is a Freshman"*

Mother decides to take a scholarship and enter college with her freshman daughter — however, not by the daughter's choosing. Mother wins out, but gets expelled because she falls in love with the biology professor. After many exciting episodes the mother and the professor live happily ever after.

Band

Mr. Leckrone, Director

Mr. Leckrone (Leck, to us), with immeasurable patience, everlasting determination, and the ability to produce music, has made our band not only a superior organization in our school but a much appreciated group in the eyes of the public. With only three rehearsals a week, the band presents concerts, marches at basketball games, and participates in the band concerts in the spring. It is with regret that we lose thirteen seniors this year, but the capacity for each member to improve is great, and the opportunities for our band in the future are numerous.

Majorettes

Guiding factors in our Marching Band are these attractive girls, Gerry Barker, Barbara Schroll, Lois Hapner, and Mary Ann Gugle. It is the opinion of the student body and members that these girls add tremendously to the marching drills given by the band.

Prophecy

Attention, all democratic minded people! Alas, your political worries are over. For unto us, out of the land of Chester, come the greatest government officials the United States has ever witnessed.

It is true that Uncle Sam himself has taken the responsibility of teaching this "Class of '52".

The citizens of the United States can rest assured that the control of the government has been left in dependable and efficient hands.

In the following paragraphs, you will find that each person in the class is now entrenched in a top government office. Note the progress of these people in relation to their high school achievements.

The President of the U. S. is none other than John Warren, with Derwood Coe as Vice-president. Never in the history of the U. S. has there been such a team! They proved their ability in their senior year by holding these same offices.

Pres. Warren, knowing the political ability of his classmates, has appointed the following cabinet officers:

Sec. of State — Patsy Hack. Hack has had much experience in communications work and she has proved her ability under Pres. Warren.

Sec. of Treas. — Elliott Chamberlain. Chamberlain also climbed the ladder of success and gained the faith of his classmates in '52. It is obvious that he should hold this office.

Sec. of Interior — Russell Coppes. In picking this official, Pres. Warren looked the situation over and announced no other than Coppes as so well-fitted for the position. Often in high school Coppes showed signs of interest for the great-out-of-doors, especially during study hall periods.

Secs. of Agriculture — Herman Ritenour and Billy Brandenburg. Ritenour and Brandenburg also proved themselves fit for this position by the interest they showed in farming and by their work in F.F.A.

Postmaster General — Emma Jane Singer. Singer has depended upon the post office for spiritual wealth for many years. She can tell how long it takes a letter to get from North Manchester to any Army, Navy, or Air Force base in the U. S.

Sec. of Labor — Gary Bonam. Bonam has experienced many years of hard labor in that he completed 12 years of labor to get out of studying.

Attorney General — Lee Ray Aughinbaugh. Aughinbaugh has been interested in politics since he inherited the position as mayor of his home town, Servia.

Sec. of Defense — Ben Wright. Wright's personality has aided him in taking the correct defensive stand in many situations.

Pres. Warren has done his best in filling positions in Washington, D. C. When visiting there, stop at the Patent Office where Tom Airgood is Director. Airgood is working on a machine to blow his trombone; thus all he need do is run the slide.

In the Home Economics department we have Carol Littlefield, who spends her time giving lectures and demonstrations.

Sara Jane Felter is a newscast reporter from Washington, D. C. Lulubelle Penrod writes monthly reports on all of the officials. Nilah Cook is working on a foreign interest program. She takes two vacations a year (each vacation being six months long) visiting and reporting in other parts of the world.

Barbara Meyer and Dorothy Airgood are heads of the Home Lovers committee. These girls brought their lovers from home and are living and supervising the Ideal American Homes.

Russell Hapner is head of the F. B. I. He gained experience when he was asked to investigate the evils of the demerit system at Chester.

Jesse Yentes is Chief Justice of the Supreme Court. Chief Justice Yentes has acquired the reputation of being able to settle disputes in a peace-loving way.

John Bollinger is the Speaker of the House. Melvin Speicher is the Pres. Pro Tem of the Senate. Speicher and Bollinger are doing splendid jobs; however, Speicher has left some equipment at home. It isn't positive whether Gerry should join him or not.

In order to assure the people of plenty of home rule, six of the members of the class are working as Senators and Representatives from the larger districts. From Liberty Mills we have Senator Bill Keaffaber and Representative Jim Morrissey. From New Salem come Senator Larry Schenkel and Representative Nancy Knapp. From Servia come the lady politicians, Senator Charlene Royer and Representative Mary Ann Gugle.

We are fortunate in having the fastest typist in the world in our government. Carol Gump is so good that she has not only a private office of her own, but many assistants working for her. Her contribution is of great significance.

Two of our most devoted classmates have gone to Washington, D. C. and established the most beautiful dining hall. Only the officials representing our "class of '52" are allowed to dine in it. Ted Spann, who gained his experience while working in Spann's Restaurant, organizes and plans the meals while John Swihart heads the meal serving and dish washing departments. It is very important that our busy officials have properly planned diets!

I can see it now. There it is. The government of U. S. resting in the most contented manner.

But wait! There seems to be a most disturbing sound! Could it be an ATOM BOMB? Everyone is hurrying around the halls of the White House. All this commotion has awakened everyone in the government! But wait, that isn't Uncle Sam up there; it is just Mr. Smith.

Mr. Smith awakens from a peaceful sleep, arouses the government class, and tells them to hurry to the next class. The bell has rung.

*Let Us Look
Behind These Scenes---*

and see the names of the persons and firms whose kindnesses have made this annual possible. These friends of Chester High School, together with those whose names appear at the bottom of various pages throughout the book, are interested in Chester. By your consideration of these friends, you are helping our school.
